

Visitor Parking Guide

- Permits are virtual, no physical permit, your tag is your permit
- No Pull Through/No Back In on campus
- Permitted to park in visitor, reserved, staff, student, timed for posted time, metered – must pay

All visitors to campus are encouraged to obtain a virtual visitor permit from the Parking & Transportation Department or University Police Department before parking on campus. All motorized vehicles on campus must be registered during the week days (Monday – Friday). Designated visitor spaces are marked throughout the university; however, visitors with a permit are also allowed to park in the following areas: reserved, staff, employee lots, student or timed (for the allotted time) spaces on campus. No parking allowed in Service Vehicle Spaces, 24 hour reserved, tow zones, curbs and disabled spaces (unless the appropriate state permit is displayed). Daily permits are free of charge. Semester permits are \$25.00 and can be purchased inside of the Parking & Transportation Department. Visitors may also pay to park in metered parking lots. No virtual permit is needed for the metered parking lots.

Weekend Parking (Friday after 3:00PM, Saturday and Sunday – No Permit Required). If a visitor receives a parking citation for no parking permit during the week, they should immediately notify the Parking & Transportation Department for instructions. The department will decide if the citation(s) can be cleared as a guest or if the ticket(s) should proceed with an appeal (decision based on the customer's account and citation violation).

VSU Campus Parking Map
